

*A  
Legacy  
of Care*

Nurse Maude

Every day of every year Nurse Maude cares for the community, just as it has done for more than 120 years.

And every day of every year the people of Canterbury have been right there beside us, so we can provide care to some of the most vulnerable in our community by leaving us a gift in their will so that those who most need our care will always receive it, regardless of their financial circumstances.

Together, with the foresight and generosity of people just like you, we have been able to do some extraordinary things.

We were able to build the Nurse Maude Hospice, where patients receive care, free of charge, and a hospital where those near the end of their life had a home where they could be nursed with respect and compassion.

When you leave us a gift in your will you are leaving us a legacy of care. You are making sure that no one who needs us will ever be left without the care and support they need.
